**NADINE HADDAD PHARM.D, MBA | RESEARCH DEVELOPMENT DIRECTOR | BIO**

Nadine is the Research Development Director for the Hoosier Oncology Group. She is a PharmD with 10 years of experience in the Pharmaceutical Industry. Her areas of expertise cover clinical research, training, data analysis, regulatory, pharmacovigilance and medical information.

Nadine is from Lebanon. She had regional roles at Eli Lilly and Pierre Fabre Oncology, covering the Middle East region. In her latest role prior to joining us, Nadine was the Medical Operations Manager for the Middle East at Pierre Fabre Oncology, where she enjoyed directing research projects on breast and lung cancers along with disseminating the word on the latest developments in these fields.

Nadine is very excited to join the Hoosier Oncology Group and to put her expertise at the service of the fight against cancer. She looks forward to the Hoosier Oncology Group's dedication of striving to give patients access to the latest developments in cancer and more hope for cure.
